ABOUT ME

I am a final-year student majoring in Computer Networks and Data Communications at UIT (VNU-HCM), with a strong passion for user interface and user experience design. I am eager to apply my skills and creativity as a UI/UX design intern, where I can contribute to crafting intuitive and engaging digital experiences. I aspire to grow in the field of design by understanding user needs and turning them into meaningful, user-centered solutions.

EDUCATION

VNUHCM - University of Information Technology (UIT) (09/2022 - Now)

Current GPA: 3.0/4.0

CERTIFICATIONS

- **Google UX Design Certificate** (In Process)

PROJECTS

Soundly – Music Streaming App

- Designed a premium Dark Mode interface and Design System using Glassmorphism, emerald accents, and advanced Figma Variants for core components.
- Optimized content hierarchy for music discovery, ensuring intuitive access to trending tracks, artist radios, and personalized playlists.
- Developed high-fidelity prototypes with Smart Animate to simulate seamless transitions and interactive playback flows.

English Learning Website *(Team of 5)*

- Conducted user research to define core learning flows, focusing on optimizing the experience for Flashcards, multi-format Quizzes, and personalized Progress Tracking.
- Architected a scalable Component Library using Figma Variants and Properties, ensuring 100% visual consistency and streamlining the transition from design to development.
- Engineered a responsive layout system that maintains usability and aesthetic integrity across Desktop, Tablet, and Mobile breakpoints.
- Developed high-fidelity interactive prototypes in Framer/Figma to simulate complex micro-interactions and validate the intuitive feedback system for learners.

Music Event Ticketing Website

- Designed and implemented a music festival landing page with a one-page layout, clear information hierarchy, and smooth scrolling across sections (hero, artists, schedule, tickets, location).
- Built a consistent visual system (green-based color palette, typography, icons, cards, tabs) focused on readability, contrast, and a vibrant festival mood.
- Crafted interactive user flows including tabbed schedule, validated ticket booking form with dynamic pricing, localStorage-based booking history, toast feedback, and a “Get directions” integration with Google Maps.

TECHNICAL SKILLS

- **Design Tools:** Figma, Framer, Illustrator
- **Front-end:** HTML, CSS, JavaScript, React
- **UX Skills:** User Research, Wireframing, Prototyping
- **Others:** Github, Bootstrap CSS

SOFT SKILLS

- Logical Thinking & Problem-solving
- Communication & Team Collaboration
- Attention to UI Details & Accessibility
- Adaptability in Agile Environments

ACTIVITY

Member of Social Work Team - UIT (2022 - Now)
